Website www.stkildaspinner.com.au

Marine Pde, St.Kilda

**(Just a short stroll from Fitzroy and
Acland Streets)**

**St Kilda
Spinner**
"Come play in the bay and feel the raw power"

THE RIDE

-The Rougher the Better-

Feel the raw power of two massive turbo charged jet engines as they propel you across the St. Kilda beach front.

Let us strap you into one of our 12, fully harnessed, racing bucket seats. Then feel the adrenaline, as the "ST.KILDA SPINNER" twists and spins you through one amazing manoeuvre after another!

After your exhilarating ride around the bay, step out of the spinner dry and ready to enjoy the many cafes, restaurants and shops nearby.

Corporate Bookings Available

THE BOAT

This 9 metre "BEAST" has been designed and built within Australia. Its ultimate power comes from the twin Yanmar 248Kw turbo diesel engines coupled to 12" Doen jets, enabling the boat to handle the open seas at high speed, whilst being fully enclosed within the air conditioned cabin keeping you dry and comfortable no matter what the weather.

Gift Vouchers Available

An exciting way to celebrate birthdays, bucks/hens parties and special occasions.
